# Installation

## Maintenance

\* When you repair the faucet you will need to shut off hot/cold water supply by closing the water supply valve.

- \* Rinse the product with clean water.
- \* Dry with soft cotton flannel cloth.
- \* Do not clean the product with acid, polish, abrasives, harsh cleaners, or cloth with a harsh surface as these products may damage the finish.

\* Recommended water pressure condition: 0.1~0.5Mpa.  
\* Not for use as a steam outlet.
